THE GREEK PEOPLE STAND WITH PALESTINE

"The Third World War must be fomented by taking advantage of the differences caused by the "agentur" of the "Illuminati" between the political Zionists and the leaders of the Islamic World.

The war must be conducted in such a way that Islam and political Zionism mutually destroy each other."

THE WORLD HEALTH ORGANISATION ARE LYING

With such dishonesty, it's time to leave the WHO

So the WHO are trying to blame "the climate crisis" for the unprecedented level of excess deaths.

And according to the WHO it's not the toxic spike protein from the Covid injections causing increases in diseases like diabetes, cancer & respiratory illness - but air pollution and extreme temperatures!!

[twitter.com/DrTedros/statu...](https://twitter.com/DrTedros/status/1511111111)

This is disgraceful dishonesty from Tedros - not only is he covering up for the adverse events from the vaccines the he promoted - but he's falsely blaming "climate change" as part of the WHO's power grab under their Global Pandemic Treaty

Post your reply

The truth is the number of **deaths from air pollution is in decline** - since 1990 death rates have nearly halved -
from 156 deaths per 100,000 down to 85.6 deaths per 100,000 in 2019
- the exact opposite of Tedros's lies.
ourworldindata.org/air-pollution

And deaths from extreme temperatures are also in decline - again the exact opposite of Tedros's lies

If you follow the peer-reviewed science, the facts are that **cold weather kills many times more than heat.**

And moderate warming over recent decades has reduced deaths from temperature extremes not increase them.

thelancet.com/journals/lanpl...

A study published in the Lancet concluded that between 2000/3 to 2016/19 that warmer temperatures caused 116,000 extra heat deaths, but avoided 238,000 deaths from extreme cold - therefore in net

THEY LIED AND CONTINUE TO LIE ABOUT EVERYTHING - and now they are trying to cover it up.

The Pfizer & Moderna Covid "vaccines" are gene therapies.

This is not some type of "conspiracy theory" - it's an admitted fact. And now they are trying to cover it up.

As under ***Australia's Gene Technology Act 2000*** if you are importing GMO into Australia you need a licence and approval from the Office of Gene Technology - but this never happened for the Covid injections.

Further, part of the propaganda to trick the world to line up to get injected, was to misled people into believing that these Covid injections were just like traditional vaccines and therefore could be trusted - rather than tell the truth that they were a new novel technology, a form of gene

Even before covid theatrical footfalls were dipping drastically post covid it has become seriously rapid.
Many theatres are shutting down and even after free tickets and many reasonable offers drastic footfall decline is continuing. Requesting people to watch films in theatres and enjoy with family and friends or else they (theatres) won't be able to survive.
Thanks

My grandfather was being treated, stayed in a hospice prior to find a fight to go visit him and be with him during his treatment. 🙏 Little did I know his battle against this horrible disease would end so quick. I had the honour & privilege of meeting my uncle in person for the first time in December 2019, when we visited him in England. I can say it was one of the best things that could ever happen to me. We connected so quick, and felt like I had known him my whole life. We made plans to visit each other and do things together again. But unfortunately God's plan was different. Anybody who presents Netanyahu's ethnic cleansing of Gaza as a Jews versus Muslims war is a manipulator and is not to be trusted. Hundreds of Jews protested in New York yesterday, hundreds of Israeli Jews protested in Tel Aviv today:

-1 tsp coconut oil-optional,
-1 tsp lemon juice

All ingredients should ensure homogeneity in the form of a coarse paste that will use just like regular toothpaste and it is brushing at least 2 minutes.

UK scientists have begun developing vaccines as insurance against a new pandemic caused by an unknown "Disease X". The work is being carried out at the government's high-security Porton Down laboratory complex in Wiltshire by a team of more than 200 scientists. They have drawn up a threat list of animal viruses that are capable of infecting humans and could in the future spread rapidly around the world.

The family of Shani Louk, the German-Israeli woman seen in video being paraded around by Hamas men praising Allah, has confirmed she is dead. The Israeli military told the family a DNA sample of a recovered skull fragment was confirmed to be hers. Her murder, along with the murder of hundreds of other civilians, has been praised by leftists as decolonization in action.

Dr. McCullough: The COVID Shot Directly K*illed More Americans Than COVID Itself

540,000 Americans (18K VAERS deaths times an underreporting factor of 30) died directly from the COVID-19 injections, according to Dr. McCullough's estimates.

The CDC says that approximately 1.2 million Americans have died from COVID-19, but those numbers are highly inflated, contends Dr. McCullough.

"When there's an analysis of did they really primarily die of COVID? The answer is - it's about 10% of that. So, it's roughly 120,000 Americans died directly of COVID."

540,000 vaccine deaths vs. 120,000 COVID deaths. The "cure" was worse than the disease.

Devastating leaks from the New Zealand government have revealed that the fully-vaxxed nation has suffered a staggering 3,000 percent spike in excess deaths over the past two years.

Due to strict mandates and heavy government pressure during the Covid pandemic, the vast majority of the New Zealand population is fully vaccinated.

Official **data shows** that 95.8% of the eligible New Zealand population aged 12 and over have received one dose of the Covid mRNA shots.

The head of a New Zealand political party has cited leaked documents while raising the alarm about the Australasian country's soaring excess mortality rates.

Liz Gunn, head of NZ Loyal, is warning that tens of thousands of the nation's population have died from the Covid injections.

Gunn is one of few politicians in New Zealand who has spoken out about the number of excess deaths in the country of 5 million since the rollout of the Covid shots.

A recent [report](#) revealed that, during a 49-week period in 2022, there were 5,285 excess deaths in New Zealand.

The number is a 3,203 percent increase over the figures for 2020, the last year before the Covid shots were rolled out.

ent **report** revealed that, during a 49-week period in 2022, there were 5,285 excess deaths in New Zealand.

The number is a 3,203 percent increase over the figures for 2020, the last year before the Covid shots were rolled out.

Gunn said she was contacted by a whistleblower who gave her leaked government documentation.

"The number of deaths is usually less than the number of those suffering from ill effects of the injections, then the extrapolation of the numbers that have been injured and killed starts to become, frankly, eye-watering," Gunn said.

"People who attended the same jab site, and were jabbed one after the other, at consecutive times on the same day.

"We saw their jab date and we saw their date of death," Gunn noted.

As one of many examples to illustrate the point, Gunn cited a recent study that was conducted in New Zealand.

← saw their jab date and we saw their date of death," Gunn noted.

As one of many examples to illustrate the point, Gunn cited a recent study that was conducted in New Zealand.

An investigation for the study, which was led by Gunn, found that every single person who received a Covid mRNA shot from one clinic died suddenly shortly after vaccination, within the same timeframe.

Gunn, a former TV host-turned-investigative reporter, tracked down patients who had received Covid vaccinations from the same clinic in New Zealand.

Alarmingly, she traced all 30 patients who were vaccinated by the clinic on the same day and discovered that every single one of them had died around the same time.

Gunn published a video update about the findings and described New Zealand as "a crime scene."

Israel becomes a full-fledged terrorist state with admitted bombing of crowded refugee camp

To the horror of nearly the entire world, Israel just admitted to deliberately bombing a densely populated refugee camp, killing or wounding 200+ people, all to kill a single person they were targeting. They used U.S.-made bombs to slaughter civilians.

The world is aghast at Israel's genocide. A top UN official just resigned, stating the UN and USA have been captured by Zionists. Yemen just declared war on Israel. Turkey is about to launch a kinetic strike, and Bolivia just severed diplomatic ties.

The USA and Israel remain utterly blind to diplomacy, insisting they along have the right to slaughter an unlimited number of civilians in Gaza, because Israel "has the right to defend itself."

In today's broadcast, I analyze the converge of world condemnation of Israel and its repeated acts of ethnic cleansing in Gaza. I also interview U.S. presidential candidate Dr. Shiva who doubles down on condemning Israel for its actions.

Consequences are in God's hands, consequences are generally not within human control, thus in natural law, actions are judged by three things: (1) the person's intent, (2) the circumstances of the act and (3) the nature of the act. The apparent good or evil consequence resulting from the moral act is not relevant to the act itself.
